DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 40,41,55 and 57 are rejected under 35 U.S.C. 102(b) as being anticipated by SU 1745873.

Looking at figure 2, the reference discloses an apparatus for expanding a tubular. Body 5 carries two radially extendable members 6. The members have an extended position (fig. 2) and an unextended position (fig. 1). Fluid pressure biases the members outwardly. As to claim 41, members 6 are moveable inwardly from the position of figure 2. As to claim 55, since the members 6 are not locked in the extended position and are held there only by fluid pressure, forces from the member to be expanded acting on the members will cause or permit inward movement of the expanders 6. As to claim 57, since the members 6 are extended only by fluid pressure, they are capable of being expanded in varying amounts depending upon the uniformity of the surrounding surface to be expanded.

Allowable Subject Matter

Claims 21-39,42,43 and 56 are allowed.

Conclusion

Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 1/23/06 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Response to Arguments

Applicant's arguments with respect to claims 40,41,55 and 57 have been considered but are moot in view of the new ground(s) of rejection.
